

SANITARY AND TOWN PLANNING DIVISION.

Notification dated 29th September 1928.

Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer, Sanitary and Town Planning Division, up to 15th October 1928, till 3 P.M., for the supply of Survey and Mathematical Instruments. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed within a week from the date of order.

2. Each tender must be accompanied by a deposit of Rs. 100 without which no tender will be accepted, in cash or Government Promissory Notes as earnest money and be superscribed, "Tender for the supply of Survey and Mathematical Instruments" in default of which tenders will be rejected.

3. The final acceptance of any tender will rest with the Chief Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

4. Within 8 days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond: in default of which his tender will be considered cancelled, and his earnest money will be forfeited.

5. The name of the successful competitor whose tender has been accepted, will be posted on the Notice Board in the Executive Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

6. On acceptance of one of the tenders, the earnest money on rejected tenders, will be returned.

7. Tenders should be submitted only for the materials of the exact specification required as per statement. Any tender received for materials other than those specified will receive no consideration.

8. On acceptance of any tender, the supplier is bound to supply the articles at the premises of the office of the Executive Engineer for test before acceptance. Tenders submitted for delivery of the articles other than the place specified above will receive no consideration. Any of the articles which does not stand the required test or considered not satisfactory will, of course, be rejected and the supplier is bound to remove them at once at his own risk and cost and replace them with good ones.

9. The tenderer who submits his tender for the specified article or articles in the first instance, but subsequently, within the time allowed fails to supply for one reason or other is liable to bear the difference of value, if any, between that tendered by him and the value which the Department is forced to incur to get them elsewhere.
